| Components, Materials and finishes | Armchair with fixed structure in beech, fir, and plywood. Base in matt open-pore lacquered beech. Cushions with removable covers, featuring polyurethane foam and polyester wadding padding, upholstered in San Lò Anice fabric. |                                                                                                                                                                         |
| Composition                        | Schumacher fabric                                                                                                                                                                                                                | 80% CO 20% PL                                                                                                                                                           |
| Washing Instructions               | <br>DRY CLEAN                                                                                                                               |                                                                                                                                                                         |
| Shipping                           | The sofa is individually packed in a box.                                                                                                                                                                                        |                                                                                                                                                                         |
| Product Care                       | Dry clean cushions only. Clean the fabric of the structure with a damp cloth or mild soap, preferably using a wool cloth. Do not use products containing alcohol, solvents, or derivatives on either the fabric or the base.     |                                                                                                                                                                         |
